

H₂Foam

LITE PLUS

WATER-BLOWN LIGHT DENSITY, OPEN-CELL

GO HIGHER

WITH THE LATEST INNOVATION

- **H₂FOAM LITE PLUS™** - FROM THE WORLD'S
LEADING SPRAY FOAM INSULATION MANUFACTURER.

Icynene introduces the next evolution of modern spray foam insulation - **H₂Foam Lite Plus™**. With a remarkably high insulating value, excellent adhesion and a highly competitive yield, H₂Foam Lite Plus™ is simply the best in class open-cell spray foam product available on the market. H₂Foam Lite Plus™ is 100% water blown and lets you meet and exceed the latest residential and commercial building codes and legislation (REACH).

H₂Foam Lite Plus™ allows homeowners and building owners invest in superior insulating comfort together with an air barrier that offers the opportunity to save up to 50% on their monthly heating and cooling costs.

MADE IN CANADA.
PRODUCED IN AN ISO 9001-2008 CERTIFIED PLANT.

H₂FOAM LITE PLUS FEATURES

- Offers improved thermal conductivity
- Fully compatible with REACH
- 100% water blown (no HFCs)
- Excellent adhesion to more surfaces
- Ideal for use in a broad range of substrates, temperatures and humidity conditions
- New formula eliminates air pocketing
- Excellent sprayability helping minimise waste
- Highly competitive yield

INSULATE YOUR INVESTMENT

Proven products. Proven Company. Uncompromising performance and quality. An investment that will stand the test of time. We aren't just selling another insulation product. We are spraying peace-of-mind into your building envelope.

IDEAL FOR RESIDENTIAL AND COMMERCIAL APPLICATIONS

INCREASED ENERGY EFFICIENCY

Icynene products give you both excellent insulating λ -value and air barrier performance – allowing you to minimise two major sources of heat loss/gain. The result can be a reduction in heating and cooling costs of up to 50%.

IMPROVED INDOOR AIR QUALITY

Icynene's air-sealing capabilities minimise the entry of airborne irritants such as allergens, drafts or humidity. Combined with proper mechanical ventilation, Icynene products assist occupants in controlling the quality of the indoor air that they breathe.

CONTRIBUTION TO LEED POINTS

Icynene spray foam insulation solutions are vital contributors towards a home or building obtaining critical LEED (Leadership in Energy and Environmental Design) points.

Always refer to the specification sheets on **icynene.co.uk** or **icynene.eu** for the most current information on the complete portfolio of Icynene products.
